our attentive team. Ascend the marble staircase and step in to the dedicated reception area with cloakroom where your guests can leave their belongings before walking through to the bar area. The hall is a truly spectacular room with double-height ceilings, arched windows and brushed gold fittings. In here the layout is up to you — go for a banqueting style approach with long tables to encourage your guests to get to know each other, or opt for a central dance floor with smaller, surrounding tables. We work with a selection of suppliers to ensure the decor suits your style, and can make recommendations after your initial consultation about what might work best for your big day.

We know that food is a core part of your special day, and our menu options offer a delectable selection to impress your guests. From classic, refined dishes to modern sharing plates, our team can help you craft a memorable menu that reflects your tastes and budget.

Our experienced bar team has created a comprehensive drinks menu featuring specially selected wines, champagnes, and signature cocktails serves, we'll work with you to build a drinks list that has something for everyone.
